SHEAR FUN

The sheep at Old Sturbridge Village will be shorn during the museum's Wool Days celebration over Memorial Day weekend May 28-30. Visitors can try their hand at picking and carding wool, and they can also practice weaving. Village interpreters will demonstrate spinning, weaving fabric, knitting with woolen yarn dyed with natural dyes and carding wool at the museum's own water-powered carding mill. They can also view sheep herding demonstrations and help knit scarves for American soldiers. For more information about Old Sturbridge Village, located just off I-84 and the Mass Pike in Sturbridge, call 800-733-1830 or visit www.osv.org.
